## *This is the Day*

This is the day, this the day  
That the Lord has made, that the Lord has made.  
I will rejoice, I will rejoice and be glad in it,  
and be glad in it.

This is the day that the Lord has made.  
I will rejoice and be glad in it.  
This is the day, this is the day  
Than the Lord has made.

I will enter his gates with thanksgiving in my heart.  
I will enter his courts with praise.  
I will say this is the day, that the Lord has made.  
I will rejoice for he has made me glad.

He has made me glad, he has made me glad.  
I will rejoice for he has made me glad.  
He has made me glad, he has made me glad.  
I will rejoice for he has made me glad.

## *Because of Who You Are*

Because of who you are I give you glory,  
Because of who you are I give you praise  
Because of who you are, I will lift my voice and say,  
Lord I worship you, because of who you are,  
Lord I worship you, because of who you are.

CHORUS:

Jehovah Jireh, my provider  
Jehovah Nissi, Lord your reign in victory  
Jehovah Shalom, my Prince Peace  
And I worship you because of who you are.

# *Songs for Praise & Worship*

## I Love You, I Love You, I Love You Lord Today

I love You, I love You,  
I love You, Lord, today;  
because You cared for me  
in such a special way.

That's why I praise You,  
I lift You up,  
and I magnify Your name;  
that's why my heart is filled with praise.

My heart, my mind,  
my soul belongs to You.  
You paid the price for me  
way back on Calvary.

That's why I praise You,  
I lift You up,  
and I magnify Your name;  
that's why my heart is filled with praise.

## New PennDOT Contract Saves Nearly \$6.5 Million Annually While Maintaining Environmental Stewardship

7/25/2012-General

Harrisburg – A recently negotiated contract for vehicle emissions and safety inspection station management services will save the state approximately \$1 million annually and could save vehicle owners nearly \$5.5 million.

Parsons Commercial Technology Group, Inc., a provider of auto emissions management programs, has been contracted to oversee privately owned safety and emissions inspection stations in the 25 counties where emissions testing is required.

Beginning Oct. 9, the new contract reduces the program management fee paid by station owners for each initial emission test from the current \$2.40 to \$1.47. With more than 5.7 million tests administered each year, this is a projected savings of \$5.3 million.

The new contract also reduces the program management fee for auto safety inspection stations using PennDOT's e-SAFETY program from the current 74 cents per inspection to 18 cents, a \$200,000 per-year savings to participating stations. PennDOT will actively encourage stations to pass along these savings to consumers.

"We are extremely pleased with this new contract and the opportunity to ultimately save consumers money through these reduced costs," said PennDOT Secretary Barry J. Schoch. "Reducing costs to inspection station owners – a savings which can be passed on to consumers – is a welcome sign in these tough economic times."

The new contract will also save PennDOT about \$1 million annually because Parsons will charge less to oversee the safety inspection program in the 25 counties.

PennDOT, working with the Department of Environmental Protection (DEP), is committed to ensuring Pennsylvania has the most effective program possible, focused on minimizing customer impact while meeting Federal Clean Air Act obligations. PennDOT and DEP will continue reviewing the state's auto emission program to identify potential program enhancements in the future.
