This class is open to all and all are encouraged to attend. If you have any questions, please see Pastor Avery.

I Don't Know What You've Come To Do

How Great is Our God

The splendor of the King
Clothed in majesty
Let all the earth rejoice, all the earth rejoice
He wraps himself in light
And darkness tries to hide
And trembles at His voice,
And trembles at His voice

Chorus:

How great is our God
Sing with me
How great is our God
And all will see
How great, how great is our God

Age to age He stands
And time is in His hands
Beginning and the End,
Beginning and the End
The Godhead, Three in One
Father, Spirit, Son
The Lion and the Lamb, Lion and the Lamb

Chorus:

(2x's)
Name above all names
Worthy of all praise
My heart will sing how great is our God

(3x's)
Chorus:

Free clothes to anyone who stops by, no questions asked or qualifications to pick up clothes. You can also drop off clean clothes in good condition that you no longer wear. For more information, please contact Barbara Powers at the number above.

God Uses People

Sinners, the ungodly, the imperfect, the fearful! Why does God choose such losers to change the world? I'm thinking it's because there's a lot more of us to choose from!

God uses people to change the world. Abraham the liar. David the adulterer and murderer. Are you getting the picture? What they lacked in perfection, God made up for in love. How can God possibly use you to make a difference? Look at those He's already used and take heart! Because you are imperfect, you can speak of making mistakes. Because you're a sinner, you can give testimony to forgiveness. God restores the broken and the brittle, then parades them before the world as trophies of his love and strength! If God chose only righteous people, you could count them all on one finger—*Jesus!*

“Therefore, if anyone is in Christ, he is a new creation; old things have passed away; behold, all things have become new.” 2 Corinthians 5:17

Suffering With Dignity

This question has been asked of me: “It breaks my heart to see patients who pray every day for miracles, and still they suffer. What do I tell them?”

The last years of my dad's life were scarred by ALS, amyotrophic lateral sclerosis. It took him from a healthy mechanic to a bed-ridden paralytic. He lost his voice and his muscles. But he never lost his faith. It wasn't so much what he said, but more what he didn't say. Never outwardly angry or bitter, Jack Lucado suffered with dignity.

After my dad's funeral, a man told me it was because of my dad's example that he became a Jesus follower. I've wondered, did God orchestrate my father's illness for that very reason? Knowing the value God places on one soul—I wouldn't be surprised. And imagining the splendor of heaven, I know my dad is not complaining!

“Pure gold put in the fire comes out of it proved pure; genuine faith put through this suffering comes out proved genuine.” (1 Peter 1:6-7)

CDC Says “Take 3” Actions To Fight The Flu

Flu is a serious contagious disease that can lead to hospitalization and even death. CDC urges you to take the following actions to protect yourself and others from influenza (the flu):

Take time to get a flu vaccine.

- While there are many different flu viruses, a flu vaccine protects against the three viruses that research suggests will be most common.
- Everyone 6 months of age and older should get a flu vaccine as soon as the current season's vaccines are available.
- Vaccination also is important for health care workers, and other people who live with or care for high risk people to keep from spreading flu to high risk people.

Take everyday preventive actions to stop the spread of germs.

- Try to avoid close contact with sick people.
- If you are sick with flu-like illness, CDC recommends that you stay home for at least 24 hours after your fever is gone except to get medical care or for other necessities. (Your fever should be gone without the use of a fever-reducing medicine.)
- While sick, limit contact with others as much as possible to keep from infecting them.
- Cover your nose and mouth with a tissue when you cough or sneeze. Throw the tissue in the trash after you use it.
- Wash your hands often with soap and water. If soap and water are not available, use an alcohol-based hand rub.
- Avoid touching your eyes, nose and mouth. Germs spread this way.
- Clean and disinfect surfaces and objects that may be contaminated with germs like the flu.

Take flu antiviral drugs if your doctor prescribes them.

- If you get the flu, antiviral drugs can treat your illness.
- Antiviral drugs are different from antibiotics. They are prescription medicines (pills, liquid or an inhaled powder) and are not available over-the-counter.
- Antiviral drugs can make illness milder and shorten the time you are sick. They may also prevent serious flu complications.
- Flu-like symptoms include fever, cough, sore throat, runny or stuffy nose, body aches, headache, chills and fatigue. Some people also may have vomiting and diarrhea. People may be infected with the flu, and have respiratory symptoms without a fever.

Schedule of Services

Effective 02/03/13
