Meeting to Discuss the Multi-Media Ministry

**Attending: Pastor Mark Avery, Deacon Ervin Warren,
 Leslie Tinnin, K. David Katzmire & Tacie J. Himelright**

January 25, 2007

Proposals:

Multi-Media Ministry Statement

The Multi-Media Ministry of Greater Works Ministries consists of a group of Church members who utilize various methods of communications in an ongoing basis to bring the Word to more people. As we reach out to others with information we offer the services of our many ministries and invite others to join in praise and worship of the Lord through our celebrations and services to the community. Our three main avenues of outreach are through the Written Word, through Audio/Visual Media, and through the Internet. By sending out sermon broadcasts, news of upcoming activities and other useful information, we seek to inform and involve members of the community who we serve. The Multi-Media Ministry follows the ministry principle in which the one teaches the few, and the few teach the many. This we do in service to the Lord who is the teacher of us all.

Multi-Media Ministry Members

Ervin Warren...	Deacon /Audio Technician
Leslie Tinnin...	Newsletter Committee (Editor)
K. David Katzmire...	Newsletter Committee & Webmaster
Tacie J. Himelright...	Newsletter Committee

Multi-Media Committee (Newsletter)

A subset of members within Ministry is a committee. The Newsletter Committee of the Multi-Media Ministry consists of Leslie Tinnin, Tacie J. Himelright and K. David Katzmire.

Multi-Media Meetings

Meetings can take place once a month with all members. A designated member will take minutes of the meeting. Designated members can rotate.

Multi-Media Meeting Reporting

Monthly reports can be composed in brief to update the Pastor on current activity and progress. These reports could serve as a record of Multi-Media developments. Both Multi-Media Reports and Minutes can be archived on a non-public side of the web site for ready reference by all church members.

Minor revisions have been made to this document subsequent to its creation on January 25, 2007
